Hi Shannon,

*Just want to thank you again for everything. The flowers were amazing...as expected. We got so many compliments on them. And thanks for making the decision on the runners. They worked perfectly and I am so glad I was able to lean on your for that. You were so great to work with and we are forever grateful for your help and expertise! I heard so many great things about you and now I know why. It was an amazing day for us in so many ways. Thanks again!

Shannon at Rhoads Garden was absolutely amazing. She had an extensive knowledge of the venue, and I felt at every moment that she was responsive and defensive of my interests, including once weighing in against my mom in support of my color choices. The flowers were beautiful! The arrangements were huge, and everyone commented on the flowers. Shannon was very willing to work with varying the arrangements to keep costs under control, and has an amazing eye for matching colors. Her use of candles was wonderful for our nighttime reception, and she did an amazing job encompassing ideas brought to her. (photos, ribbons, flowers, etc)

Shannon Chase at Rhoads was amazing to work with. I had been to three other florists and admittedly was sure what I didn't want, but now sure what I totally wanted. I was floored when I saw the sample bouquet. It was prettier than I imagined! I was psyched for the wedding. Wedding morning came and the flowers were delivered. They were even more beautiful than our meeting. I wish they could have lasted forever. She also did flowers for the church that were stunning. It really added so much to the wedding. I found the prices to be just about comparable to the other three florists and the quality was 500% better. It was worth the extra money!!

We worked with Shannon Chase, the wedding coordinator, at the Rhoads Garden. I cannot speak highly enough of the work she did for us! We were married on December 27th, but I was adamant that I did not want a Christmassy themed wedding. However, beyond that...I was not sure what I wanted. During the first meeting I had with Shannon, I gave her this basic information about certain flowers that I do and do not like. And I know don't know much about flowers. From this, Shannon worked magic to create bouquets for the bridesmaids, boutonnieres for the guys, an adorable arrangement for our flower girl, and the exact arrangement of calla lilies I had always envisioned for my own bouquet. Shannon also decorated at our reception site...table for cocktail hour, the birdcage from Rhoads Garden serving as our gift box, a gorgeous arrangement for the place card table, and wonderful centerpieces for our 20-some tables. Delivery was exactly on time, the flowers were incredibly fresh and did not wilt at all the day of the wedding....the Rhoads Garden simply did an excellent job and I would recommend their services to any future bride!

I absolutely loved my flowers on my wedding day. Shannon is really the best person out there to work with. She is fantastic from the day I met her. We met and talked about colors, styles, types, etc. of flowers I liked and didn't like. I pretty much let her create the look and run with it because I could trust her to make something amazing-and she did. Our bouquets were gorgeous and I got so many compliments on the centerpieces and bouquets. She was friendly and very flexible in working with you. And she was honest in saying-"you really don't need these" or "these are cheaper and will look just as amazing." I loved that she was so customer friendly and all about making your day the best it could be. We have no complaints at all about Rhoads or about Shannon-and I would recommend them to anyone in a heartbeat!
